To Our Masters Community,

At our Monthly Operational Meeting held September 15th, 2026, the Masters rule changes that were passed at the Athletics Canada AGM have been rescinded unanimously, Rules 7.4 Master Records: Recognition Across Age Groups & 7.5 Retroactive Application of Masters Records Rule. We understand that this has caused some disappointment and confusion amongst our Masters community and we want you to know that we have heard you. All branches will consult with their respective Masters Committee to communicate this and to provide feedback that will be in turn brought back to the AC Masters Committee.

After much discussion, and for better clarity and transparency, branches will be communicating opportunities to better align Masters rules. Any of these proposed alignments that are brought forward will include consultation at the branch level with their respective Masters Committee and will be shared with our Masters Branch Council Representatives and brought to the AC Masters Committee prior to being presented to the AC Rules Committee or the Member Branches for approval. We appreciate your patience and understanding during this process and felt it important to communicate this to you all.

Sincerely,

Kyle Williams
Member Branch Chair
